Wong Man Chong Ivan

has successfully completed the online Professional Certificate

Microsoft Business Analyst

Now that you have completed the Microsoft Business Analyst Professional Certificate, you stand out with a unique set of skills and knowledge in the dynamic field of business analysis. This certificate demonstrates your job readiness and can be shared with your professional network. Throughout this program, you've engaged with instructional videos, assessments, and practical exercises, gaining a deep understanding of key aspects of business analysis, including: • Proficiency in identifying, analyzing, and documenting business issues with diverse requirements-gathering techniques. • Skills in business process and activity modeling using Microsoft Visio. • Capability in conducting assessments and validating solutions against requirements. • Effective communication, stakeholder management.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
